Spring 2010

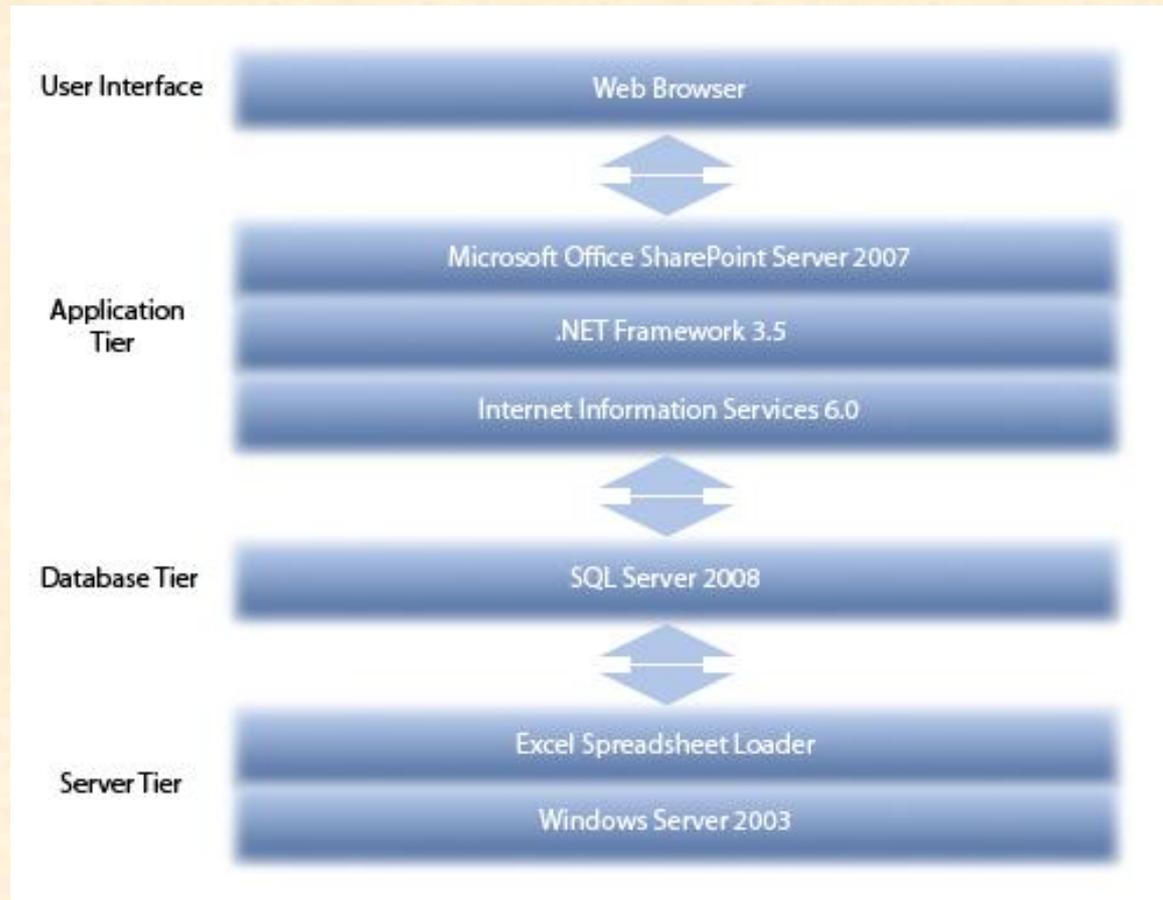

Project Overview

- The Goal
 - Meijer's CIO wants a Dashboard created to facilitate the evaluation of the ITS department's performance using a variety performance benchmarks and previous years productivity
- Our Solution
 - Create SharePoint Web Parts which display the requested information in a easy to interpret format
 - These Web Parts will be easily integrated into the current Meijer SharePoint system and allow individual customization

What's left to do?

- Make the three remaining webparts
- Refine visual aspects
- Meijer approval on working webparts
- Excel loader works for one spreadsheet, make it work for the other eight
- Code cleanup
- Ensure easy implementation at Meijer
