...to Professionals*

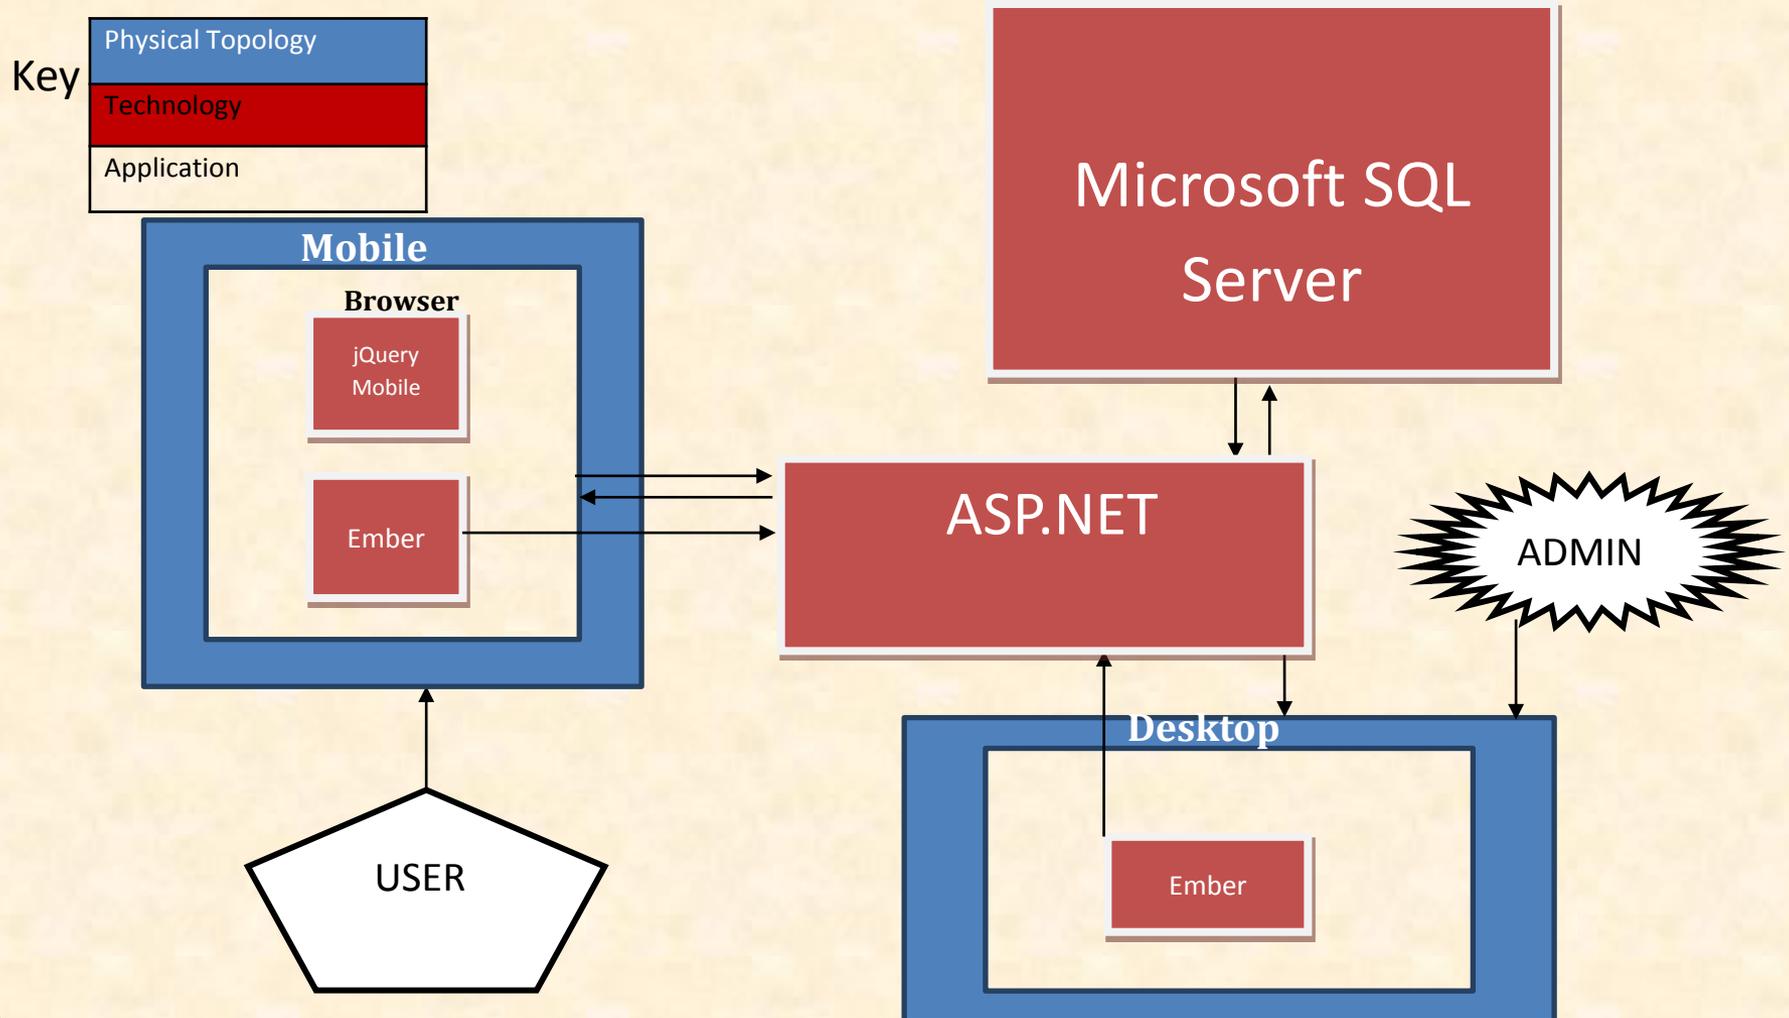

# Project Overview

---

- Make the process of depositing into an annuity easier
- Ability for non-policy holders to make deposits into accounts as a form of a gift, as well as send a physical gift to the annuity account holder
- Create an administrator website to pull records to clarify any discrepancies that may arise

# System Architecture

# First Page

The image shows a tablet displaying a web browser interface. The browser's address bar shows the URL "35.9.22.108/" and the search engine is set to "Google". The page title is "Pig E. Bank" and the header features the "Auto-Owners Insurance" logo. The main heading is "Welcome to Pig 'E' Bank" followed by the instruction "Enter the policy holder information below and press continue." The form contains five input fields with the following labels and values: "First Name" (John), "Last Name" (Smith), "Date of birth" (11/11/71), "E-mail" (smith.john@gmail.com), and "Agency Code" (2121). A prominent green "Continue" button is located at the bottom of the form.

# Confirmation Page

# Administrator Website

The screenshot shows a web browser window with the title "Pig E. Bank Admin" and the URL "localhost:49282/PigEBank/admin.aspx". The page features the "Auto-Owners Insurance" logo and a welcome message: "Welcome to Pig 'E' Bank Admin Site". Below the welcome message is a search section with the text "Search for records by" and three input fields labeled "First Name", "Last Name", and "Agency Code", followed by a "Search" button.

First Name	Last Name	Date of Birth	E-mail	Code
Nathan	Sriro	11/16/1989	sronat@msu.edu	1717
David	Ward	11/4/1992	warddav1@msu.edu	1818
John	Smith	11/11/1971		2121

# What's Left To Do?

---

- Aesthetics for the administrator website
- Continue work on the aesthetics for the main pages and make it more mobile-like
