James Mariani
Daniel Parlin
Chris Perry

Department of Computer Science and Engineering
Michigan State University

Fall 2015

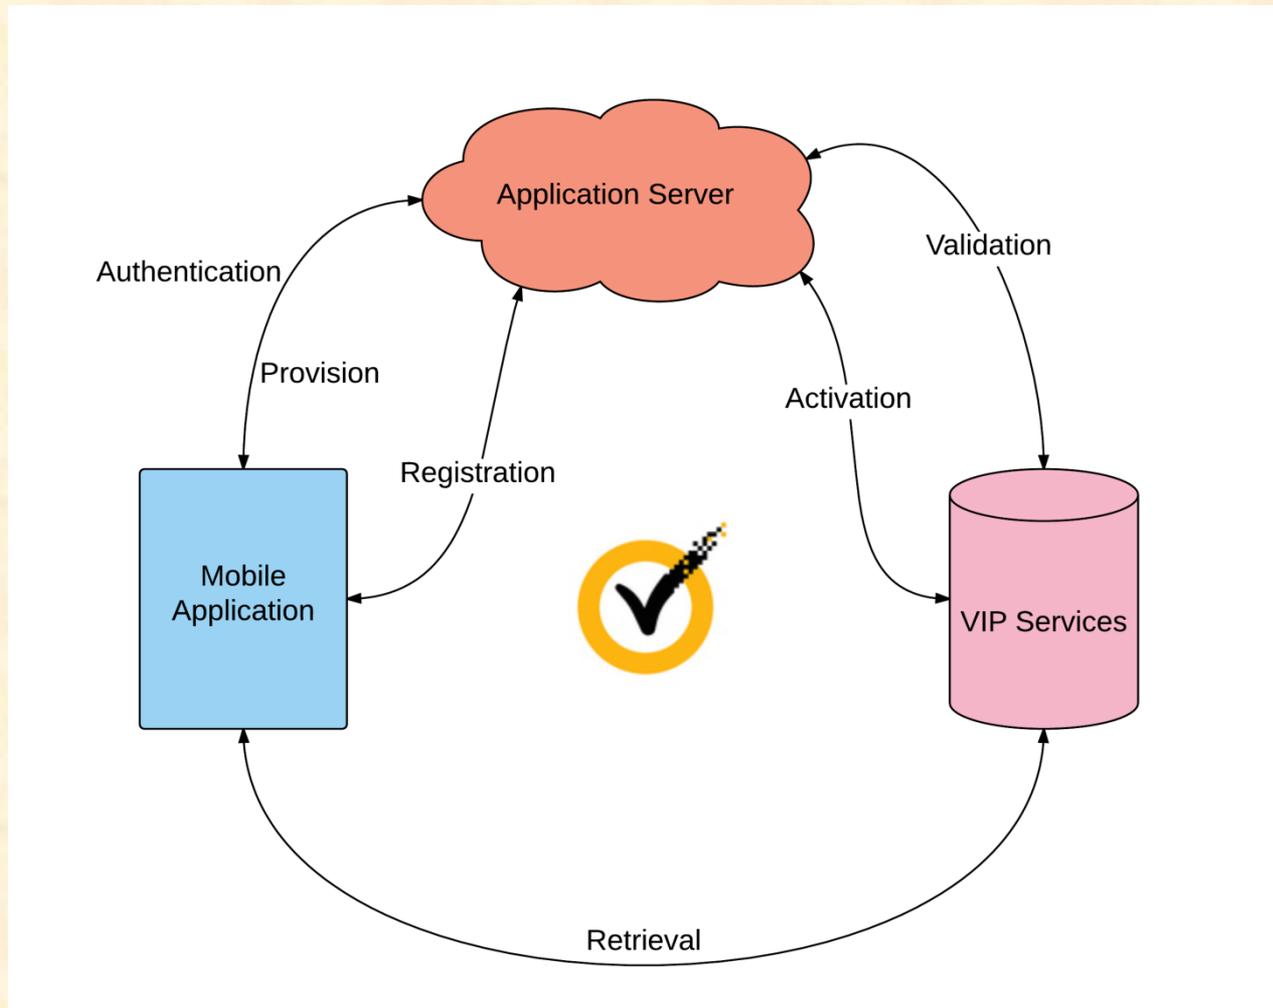

*From Students...
...to Professionals*

Project Overview

- Silent two-factor authentication
- Simulated Symantec clients
 - Android apps
 - iOS apps
 - Web app (supporting push notifications)
- Testing ease of VIP Integration for clients
- Provide thorough documentation

System Architecture

What's left to do?

- General code cleanup
- Thorough documentation
- VM configuration
- Project video
