Spring 2016

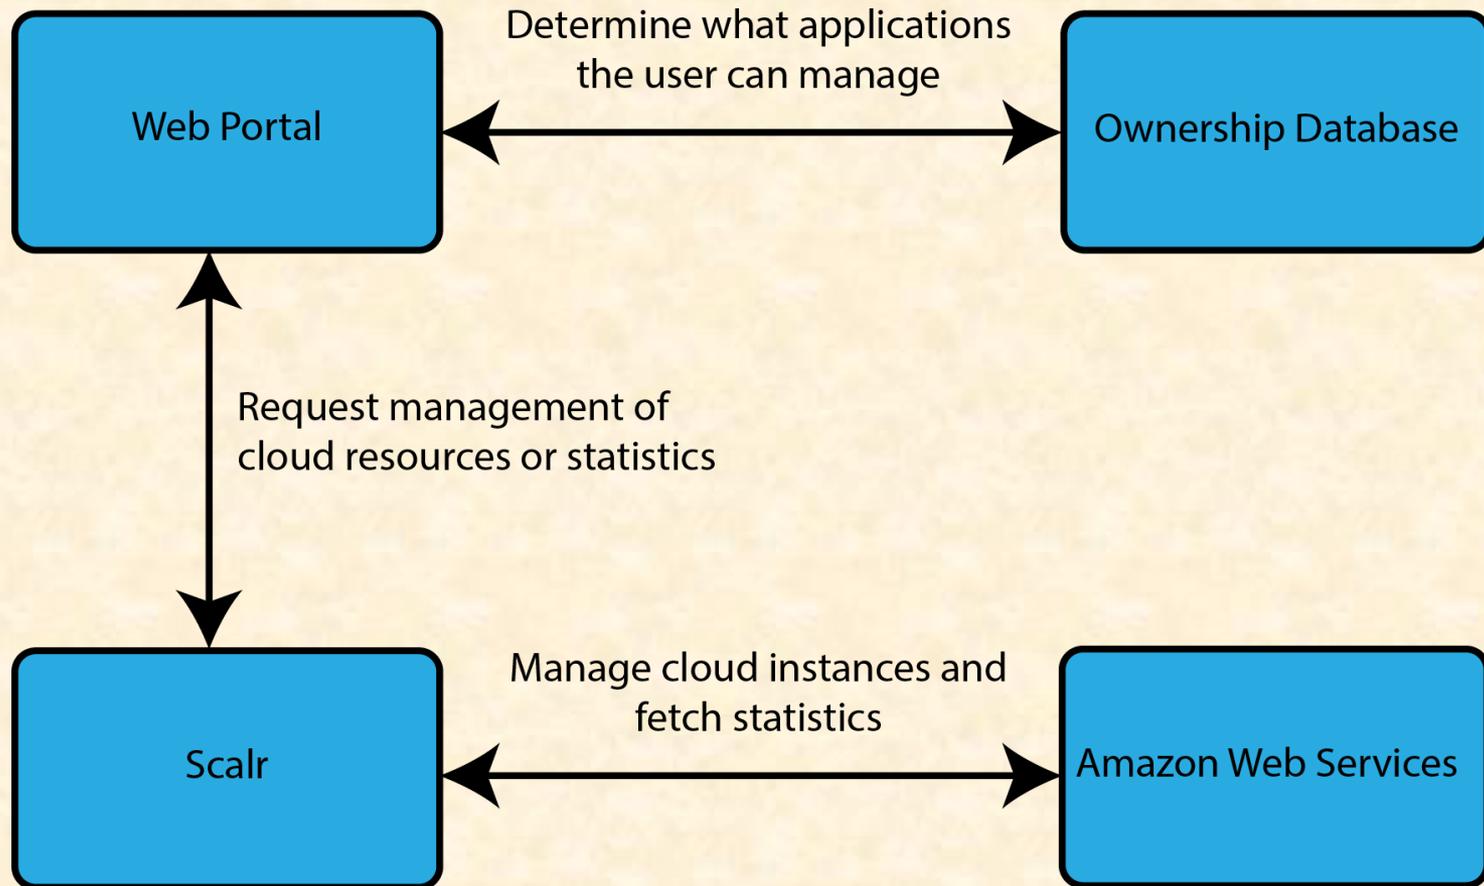

*From Students...
...to Professionals*

Project Overview

- Cloud server management
- Builds on top of more complex platform
- Target users are non-technical business managers
- Focus is on a simple, easy to use interface

System Architecture

What's left to do?

- More user testing
- Access
 - User Interface
 - Integrate into main web app
- Scheduler
 - User Interface
 - Run Scalr API code
 - Integrate into main web app

What's left to do?

- Stretch Goals:
 - Usage Statistics
 - Cost Statistics
 - Individual Server control
