Michigan State University
Spring 2018

From Students…
…to Professionals

Project Overview

- Dow has to train employees to load railcars with hazardous chemicals
- Training new employees can be very dangerous
- Creating a VR game to make training safer
- Train users to
  - Load railcars
  - Properly respond to a spill while loading

# System Architecture

Loading Area

Load Arm and Spreader

Equipment Locker

Derail

What's left to do?

- Add more detailed steps to the loading process

- Implement scoring system

- Create spill scenario

- Add in-game menu with procedure in it

- Add sound effects
