# Project Overview

- **SPARTI**: Selling Partner Application Ready to Integrate.
- Our application makes the process of building a third-party seller application super simple.
- Provides a template application capable of fully connecting with Amazon's seller services.
- Offers third-party sellers the ability to automatically deploy and host their applications in the cloud.

# What's left to do?

---

- Finalize README
- Implement additional error logging
- Continue to test our app
- Clean up code and repo
