Project Overview

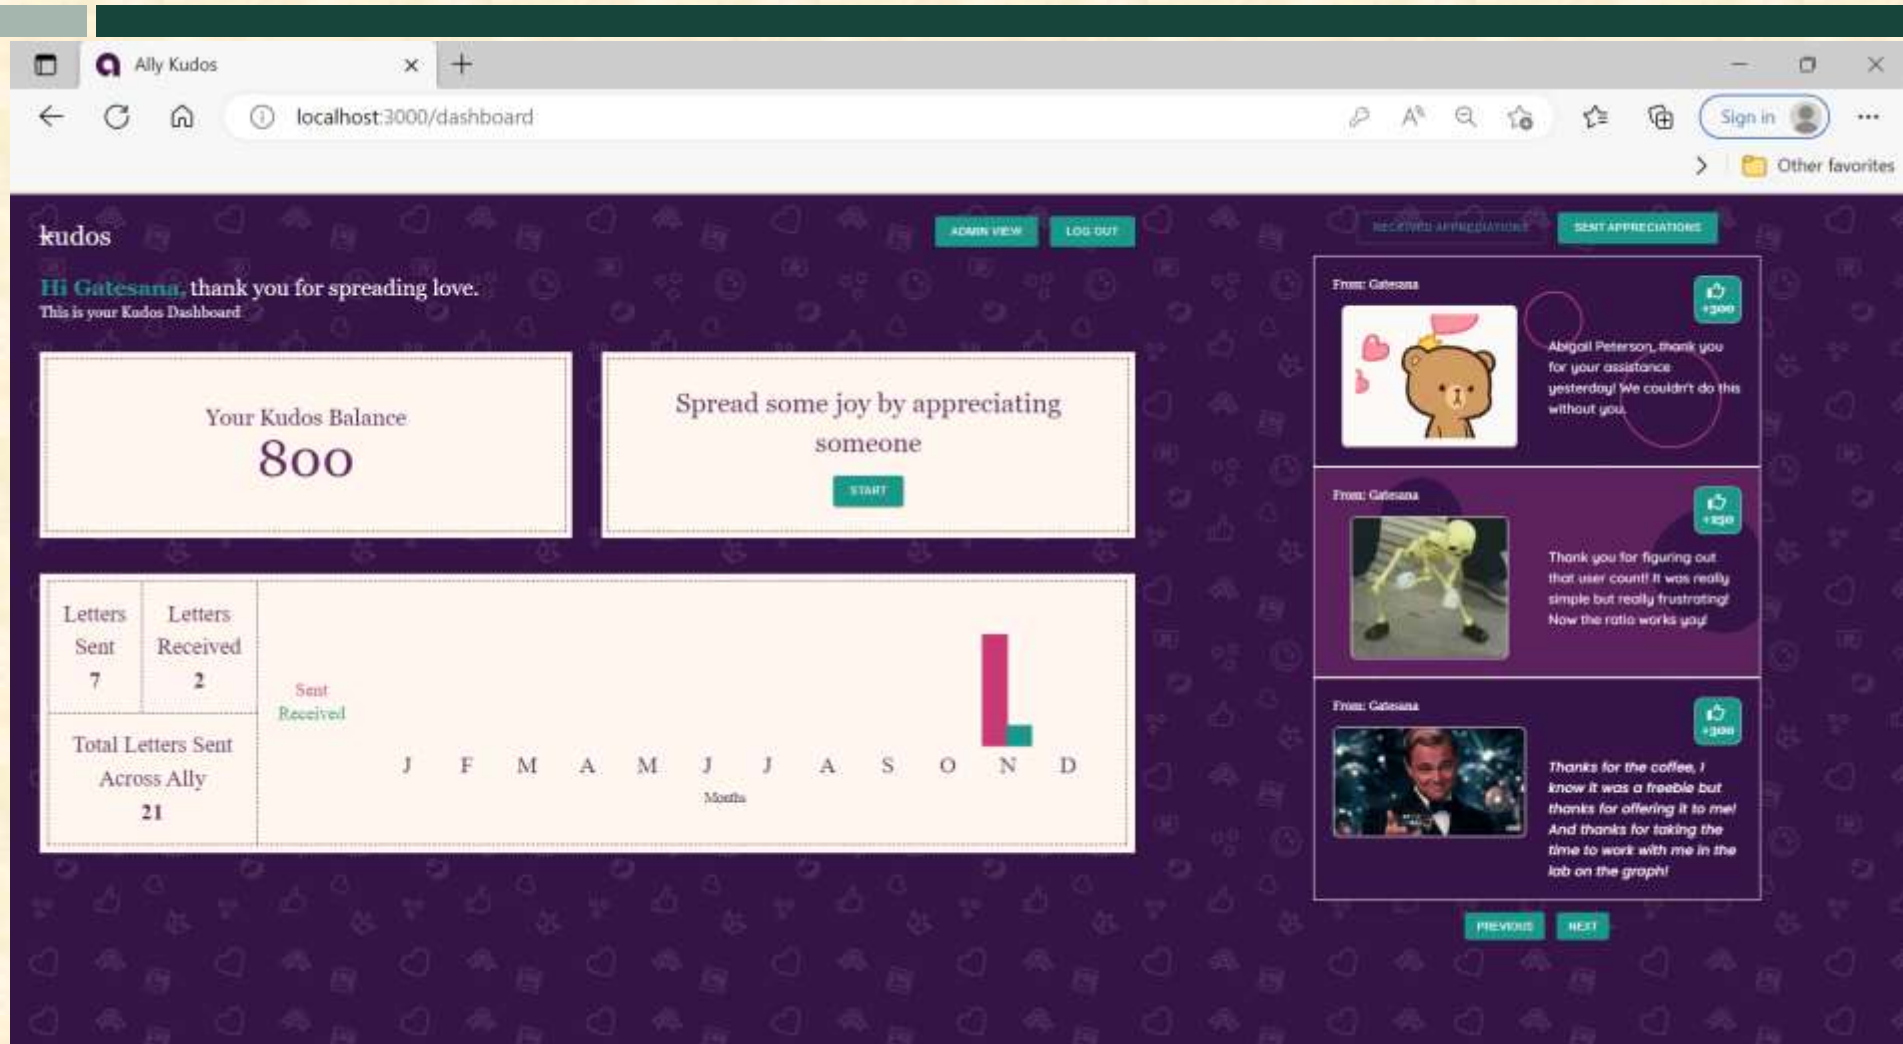

- Web application for employee recognition
- Send and receive customized messages
- Accrue balance of credits for rewards
- Manage user statistics

System Architecture

Ally Kudos Dashboard

Gratitude Wizard

The screenshot shows a web browser window with the address bar displaying `localhost:3000/kudos`. The page features a dark purple background with a repeating pattern of white icons including hearts, thumbs up, and gears. A large white envelope graphic is positioned behind a central purple modal box. The modal box is titled "When?" and contains four rounded buttons: "yesterday", "on your day off", "all the damn time", and "during hard times". Below these buttons is a text input field with the placeholder text "Write your note" and the content "during this intense week!". At the bottom of the modal are two buttons: "HOME" and "NEXT". To the right of the modal, a white box displays the text: "Phumapiwat Chanyutthagorn, thank you for your hard work during this intense week!".
