MICHIGAN STATE UNIVERSITY

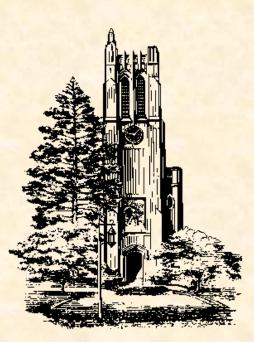

Beta Demonstration CIO Dashboard

Team Meijer CSE 498, Collaborative Design

> Jack Fritz Joseph Blossom Russell Valice

Department of Computer Science and Engineering Michigan State University

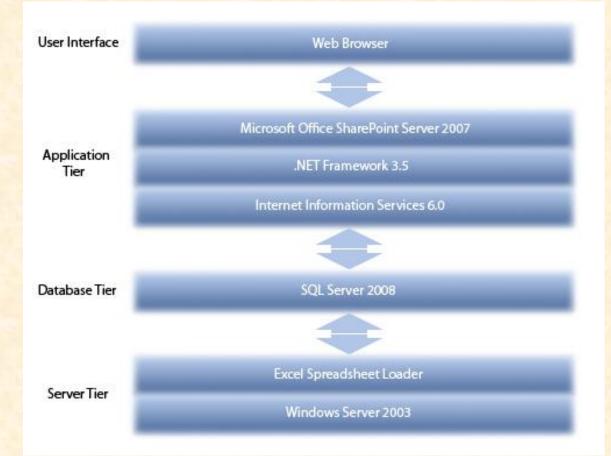

Spring 2010

Project Overview

- The Goal
 - Meijer's CIO wants a Dashboard created to facilitate the evaluation of the ITS department's performance using a variety performance benchmarks and previous years productivity
- Our Solution
 - Create SharePoint Web Parts which display the requested information in a easy to interpret format
 - These Web Parts will be easily integrated into the current Meijer SharePoint system and allow individual customization
