*   …to Professionals*
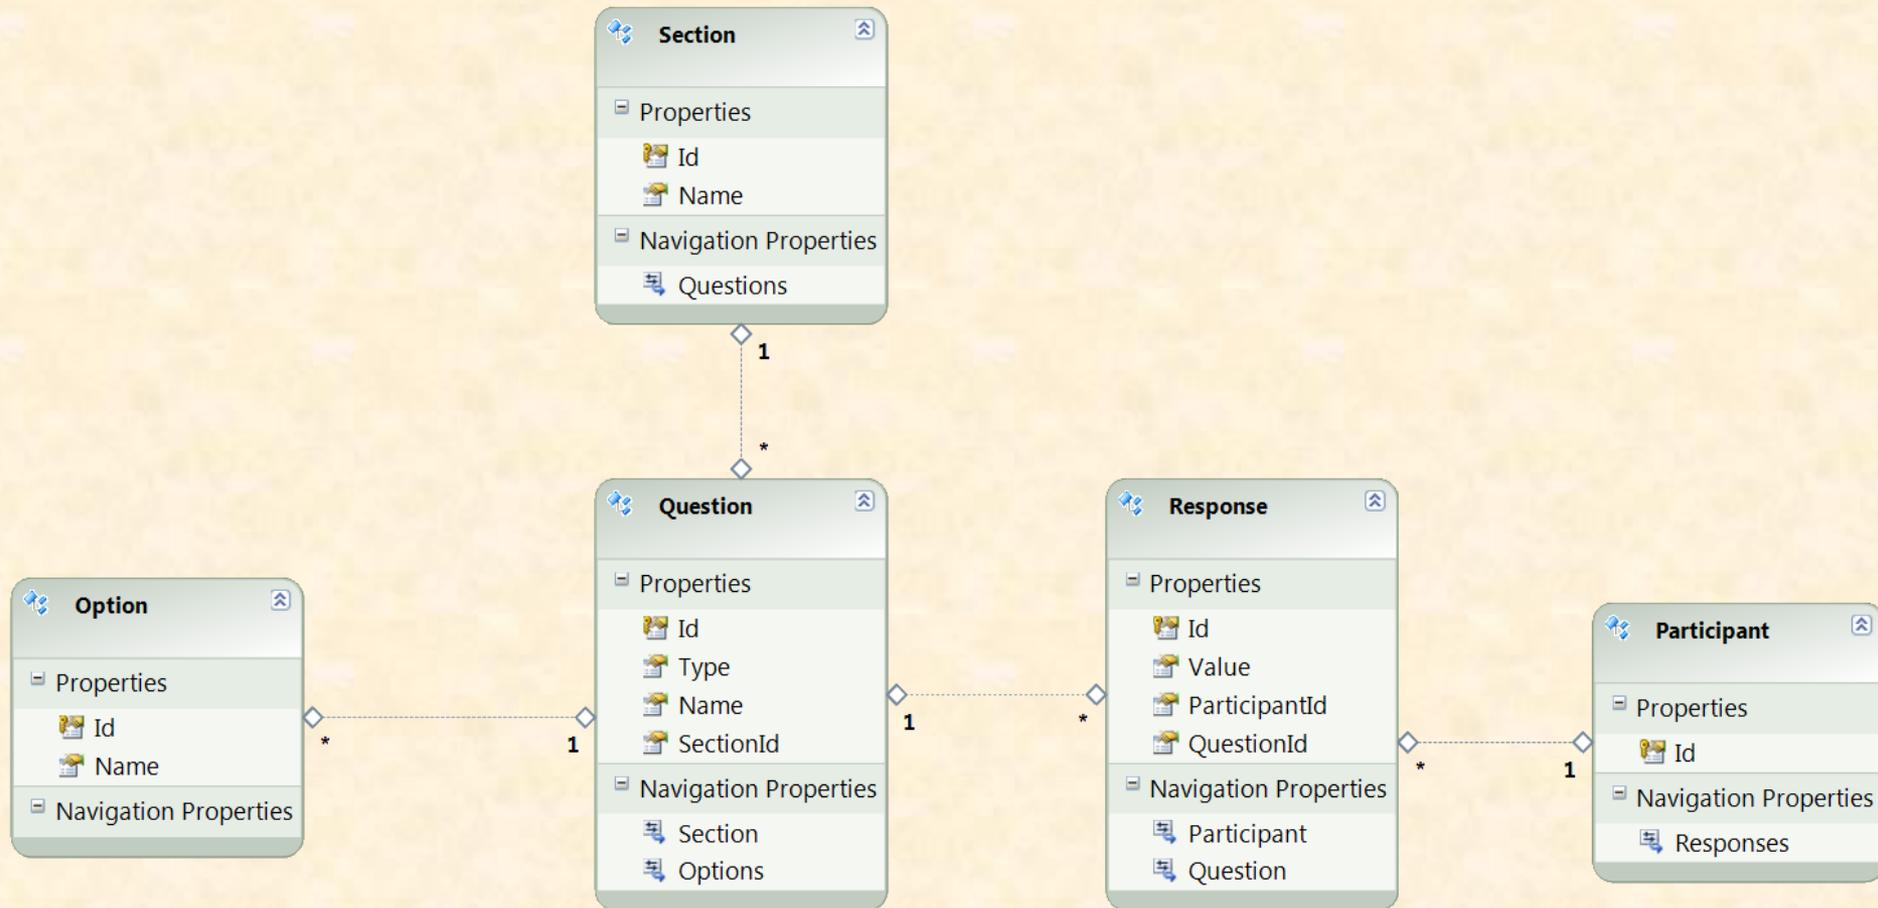

Project Overview

- Healthier Communities is a Spectrum Health division that reaches out to medically under-served members of the community

- Our web app organizes their process

- Enables volunteers to easily fill out health forms via the web

- Allow admins to access a central database of previously completed forms by the volunteers

Volunteer log in view
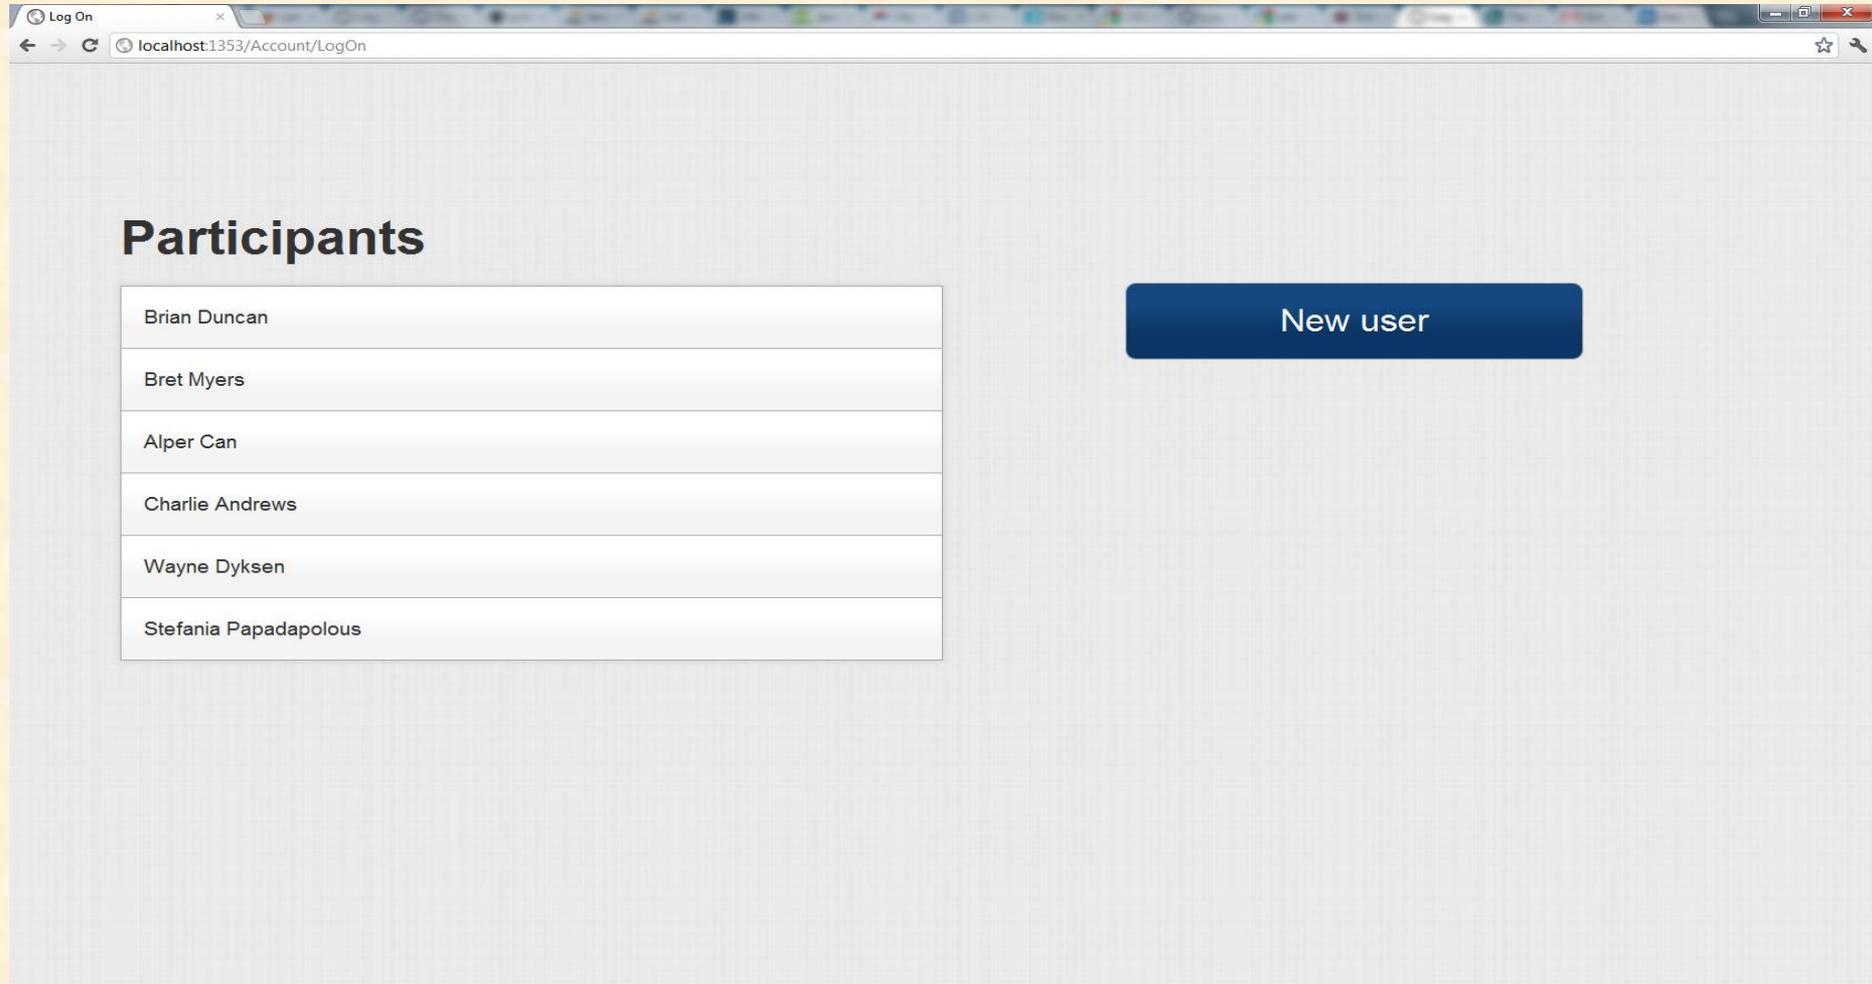

Form view

What's left to do?

- Add user role views

- Allow for more than textbox questions

- Set up a print friendly option

- Allow user to view previous completed forms
