Michigan State University

Fall 2022

From Students…
*…to Professionals*

Project Overview

- Redeveloping the current Flutter app into Kotlin for Android and Swift for iOS

- Modular code to accommodate multiple research projects for different needs

- Create non-programmer friendly documentation for easy customization
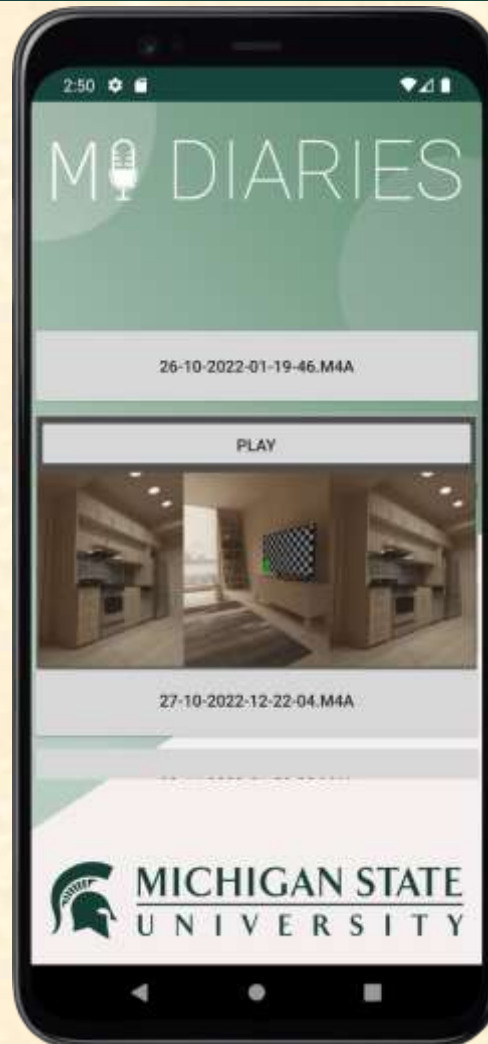

# System Architecture

Profile Management

Recording Screen

Recording History

Recording Statistics

What's left to do?

- Submit new UI mockups to client brand team
- Once approved make necessary visual updates to the UI
- Complete external documentation
- Ensure visual consistency between app versions
- Etc… (possible bugfixes for iOS)
