Fall 2024

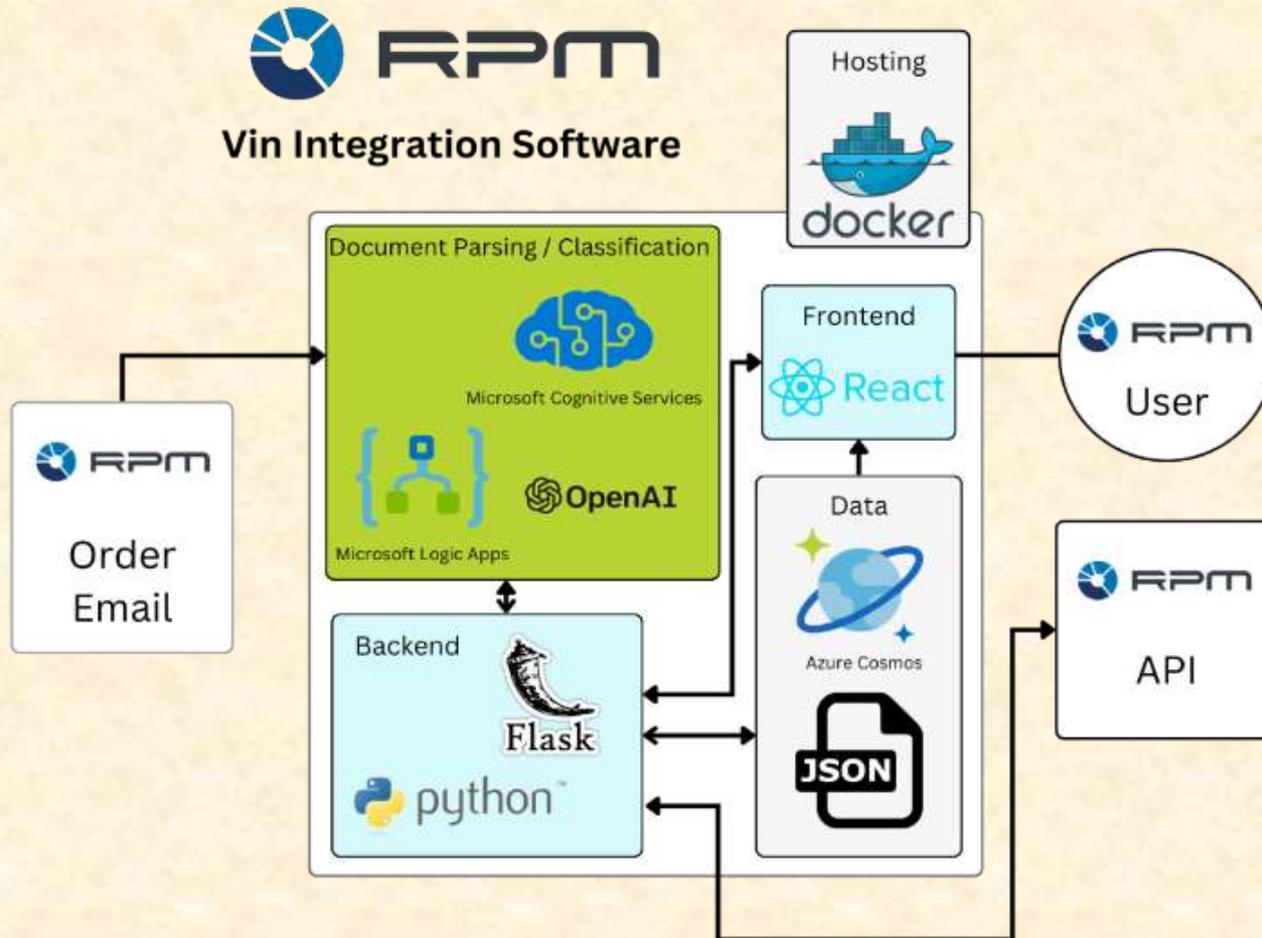

*From Students...  
...to Professionals*

# Project Overview

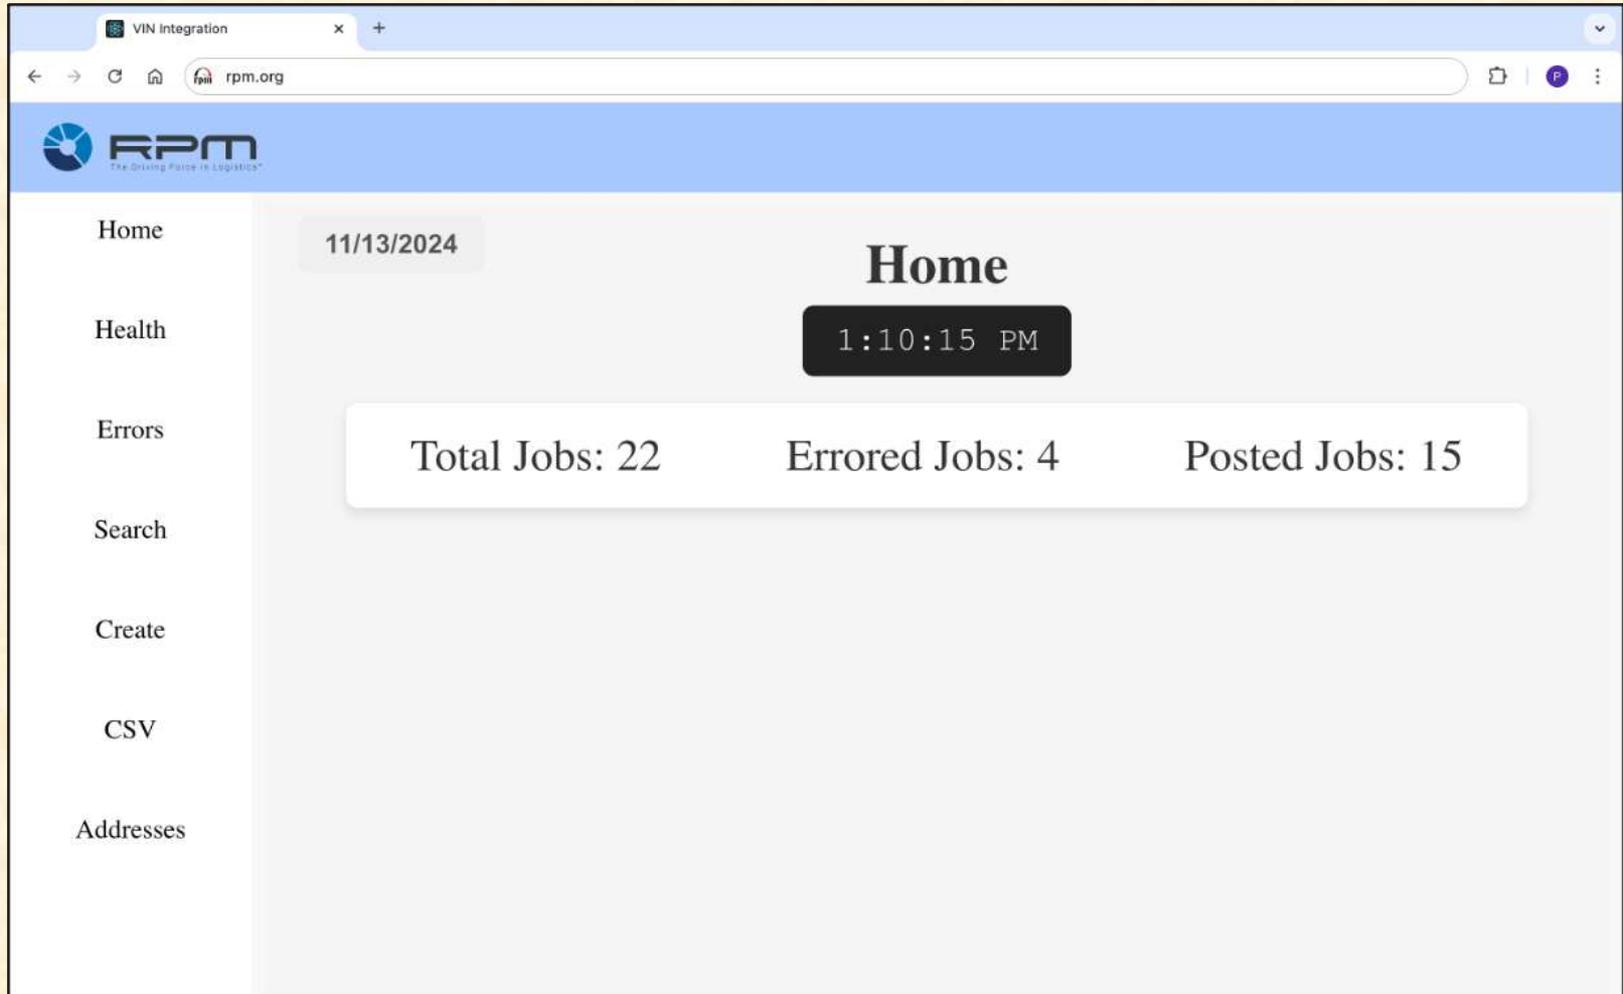

- RPM is a freight brokerage company located in Royal Oak, MI that handles upwards of 60k vehicle transportation orders monthly
- 80% of orders processed through an app, remaining sent in via email
- RPM is looking to automate the email order process to classify, extract, and submit orders from email attachments.
- This automation will enhance RPM's operational efficiency, flexibility, and reduce manual labor, supporting its growth as a leading logistics provider.

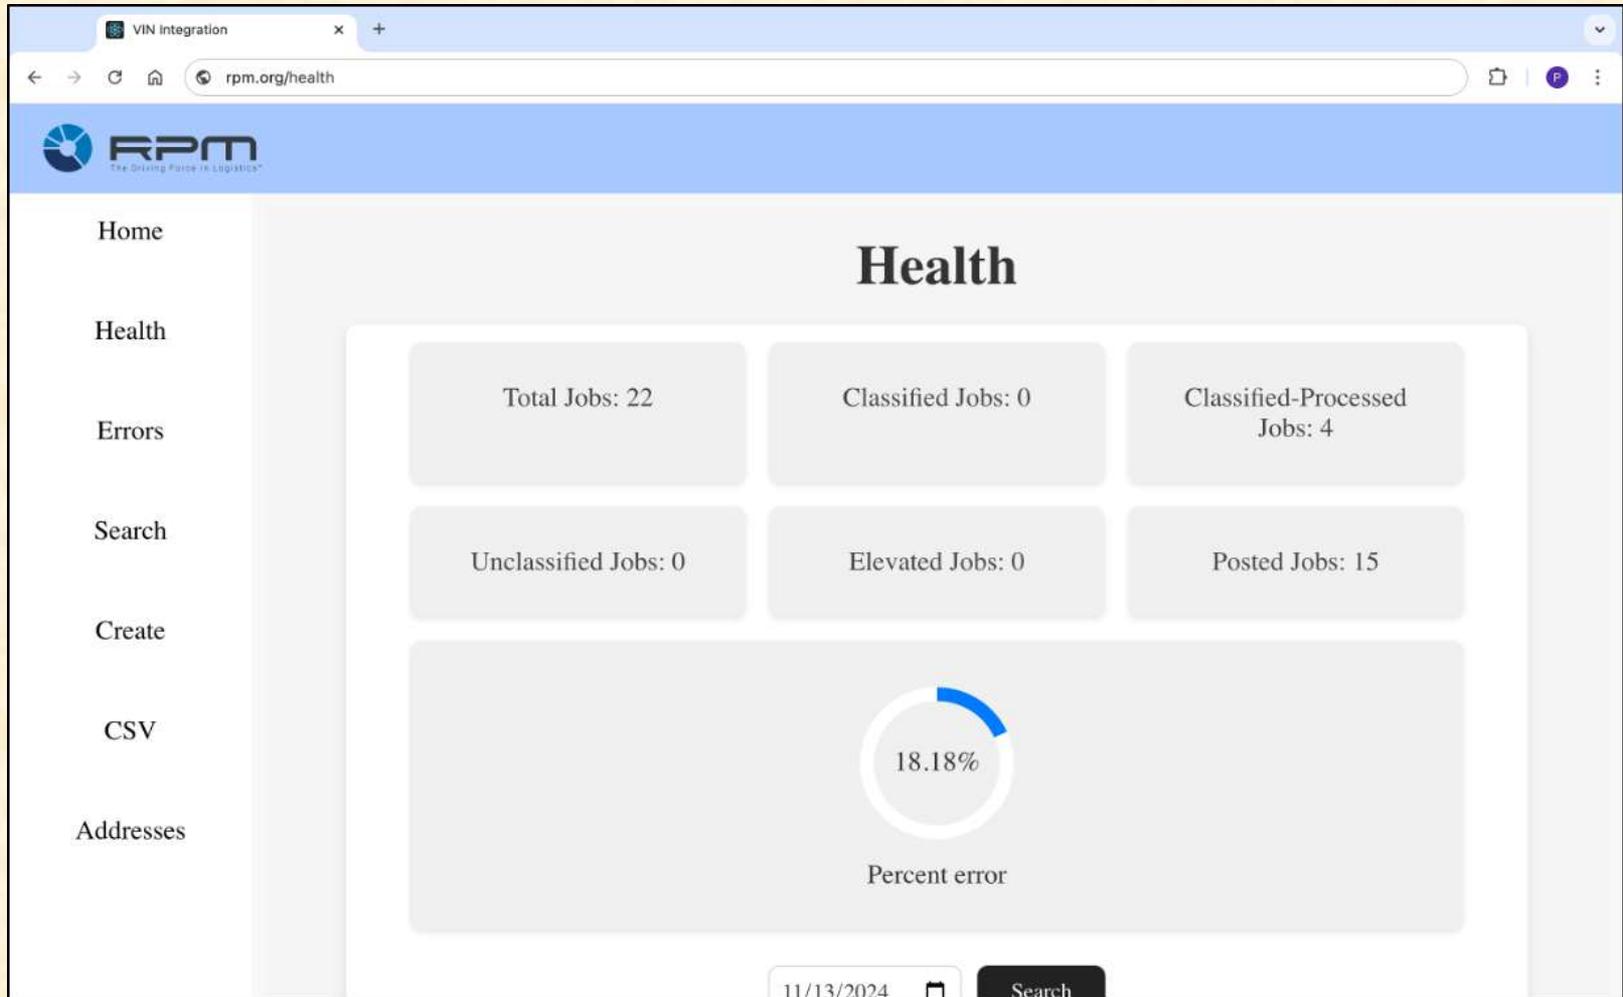

# System Architecture

# Home Page

# Health

# Errors

The screenshot shows a web browser window with the URL `rpm.org/errors`. The page features the RPM logo and a navigation menu on the left with items: Home, Health, Errors, Search, Create, CSV, and Addresses. The main content area is titled "Errors" and includes a green button that says "5 Errors". Below this is a table with the following data:

ID	Status	Action
575af6d8-84c7-4af0-aa85-57ec6a7b4bd4-1	error-posted	<input type="button" value="Edit"/>

# Create

The screenshot shows a web browser window with the URL `rpm.org/create`. The RPM logo is at the top left. A sidebar on the left contains navigation links: Home, Health, Errors, Search, Create, CSV, and Addresses. The main content area is a form with three sections: Vehicle, Pick up, and Delivery. Each section has input fields for various attributes. At the bottom right of the form are 'Elevate Order' and 'Submit Order' buttons. Below the form, it says 'Current Job: New job' and 'Unknowns'. There are 'Download' and 'New Job' buttons. A table lists two items with their IDs and creation dates.

Select	ID	Created At
<input type="radio"/>	2761e46b-cc93-4f00-a32f-6acee0dbd2c7	2024-11-13
<input type="radio"/>	95fec5fe-1bfa-4bd4-b420-c52c5fb5dbec	2024-11-13

# Search Results

The screenshot shows a web browser window with the URL `rpm.org/search/results`. The page header features the RPM logo and the tagline "The Driving Force in Logistics". A navigation menu on the left includes links for Home, Health, Errors, Search, Create, CSV, and Addresses. The main content area is titled "Results" and shows "Results: 22". A table displays the search results with columns for ID, Created At, Classification, Status, and Action. Each row includes a "View" button.

# What's left to do?

- Features
- Stretch Goals
  - Additional error message content
  - Additional health metrics (addresses and decoding fail %)
  - AI address autofill
  - Styling additions
- Other Tasks
  - Hosting
  - Update to RPM color palette
  - Change email triggers to RPM accounts
  - Readme, comments, and code refactoring
