Michigan State University

Fall 2016

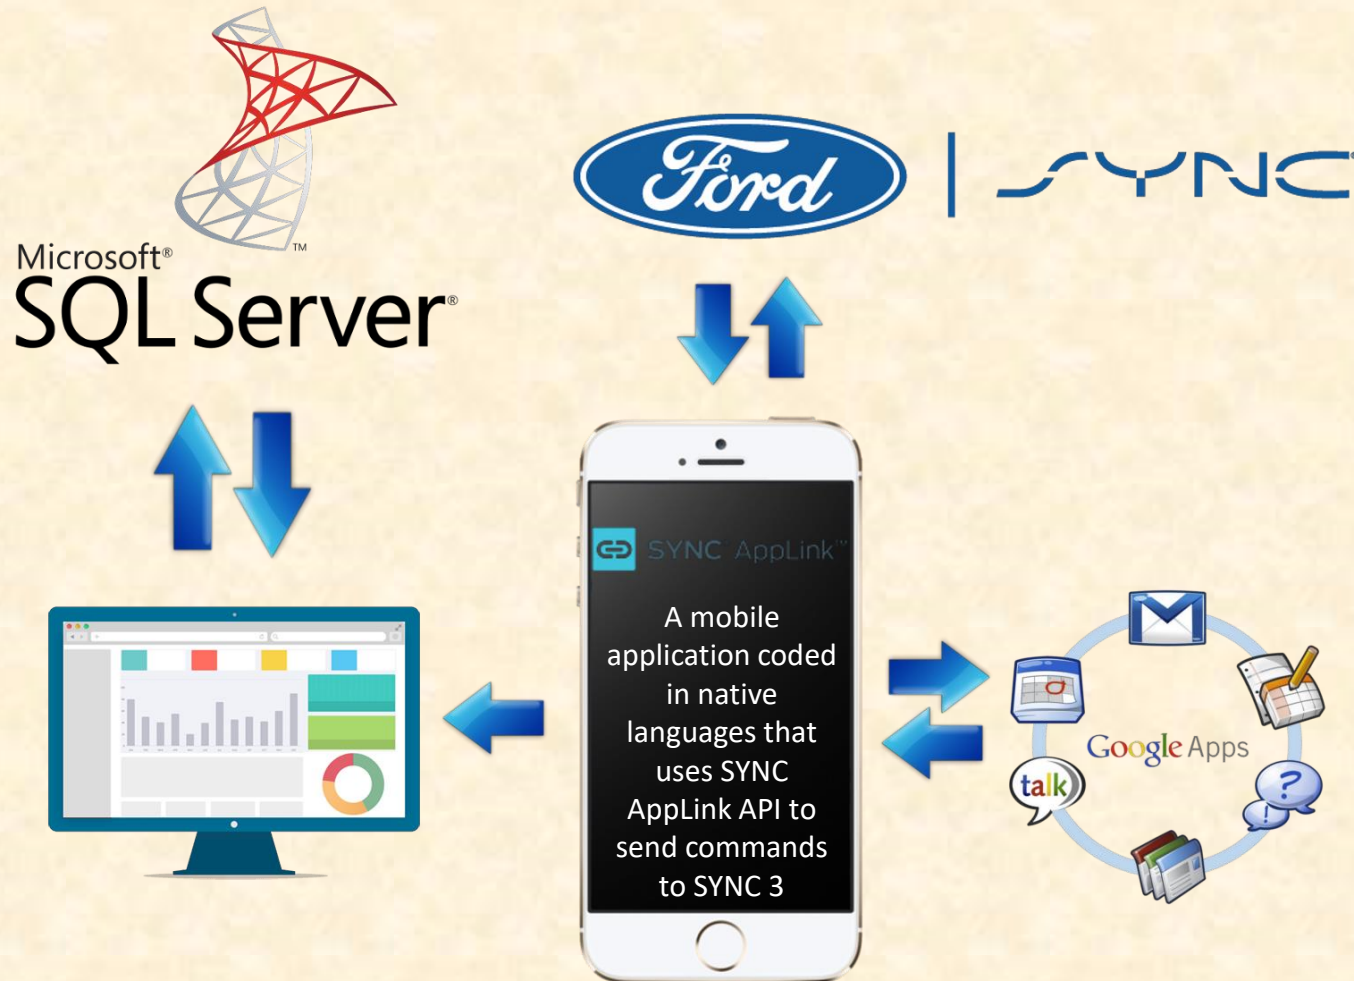

*From Students...
...to Professionals*

Project Overview

- In a SYNC 3 enabled vehicle, interact with your Google Calendar and Google Tasks.
- Interactions through voice commands and through soft/hard buttons
- Administrative Web Portal to monitor usage data
- iOS and Android

System Architecture

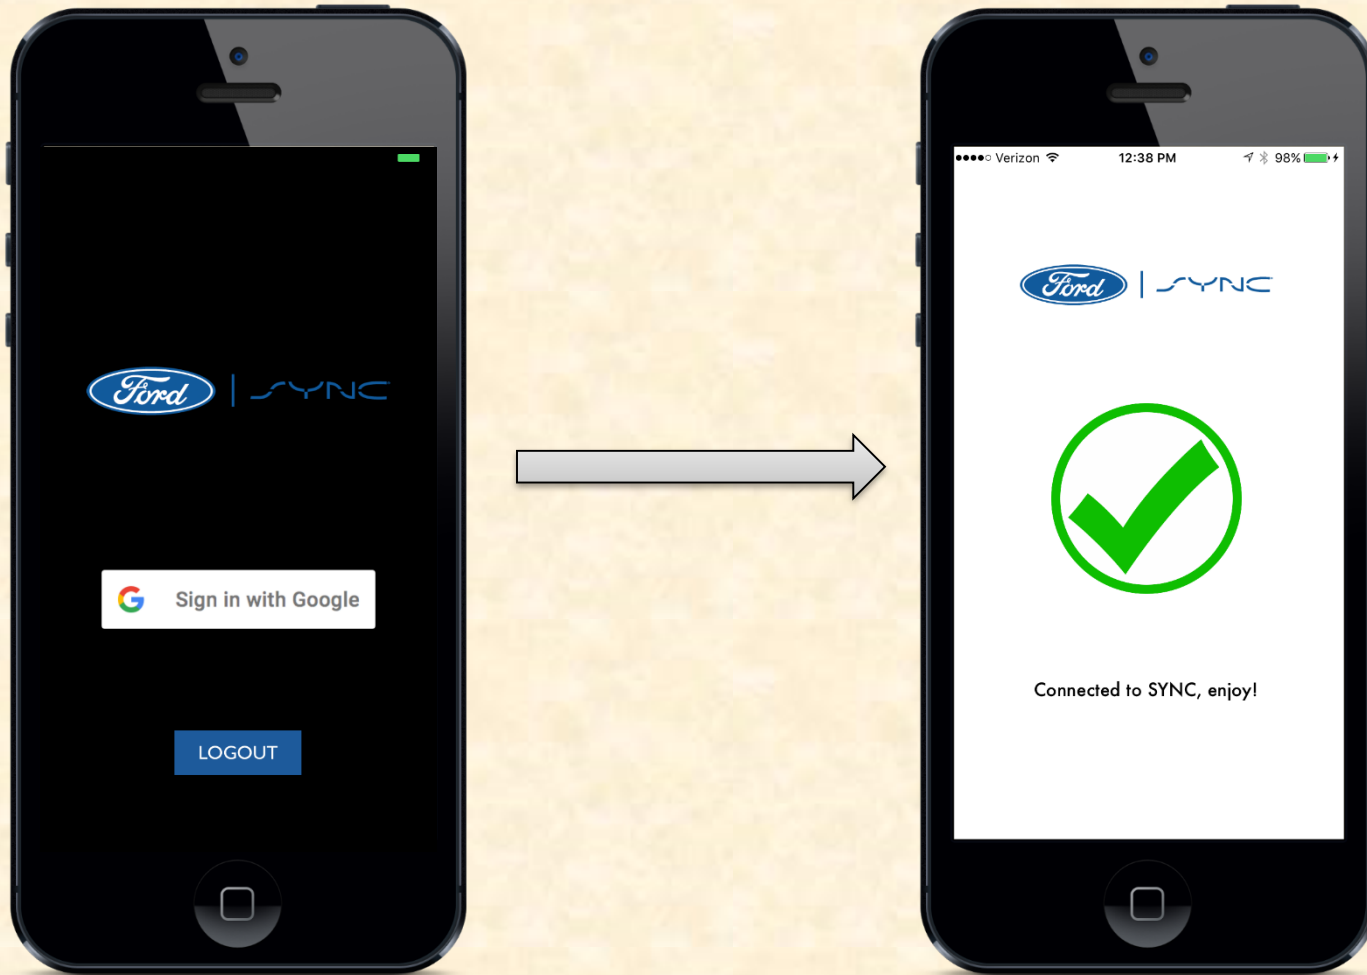

SYNC 3 – Vehicle Screen

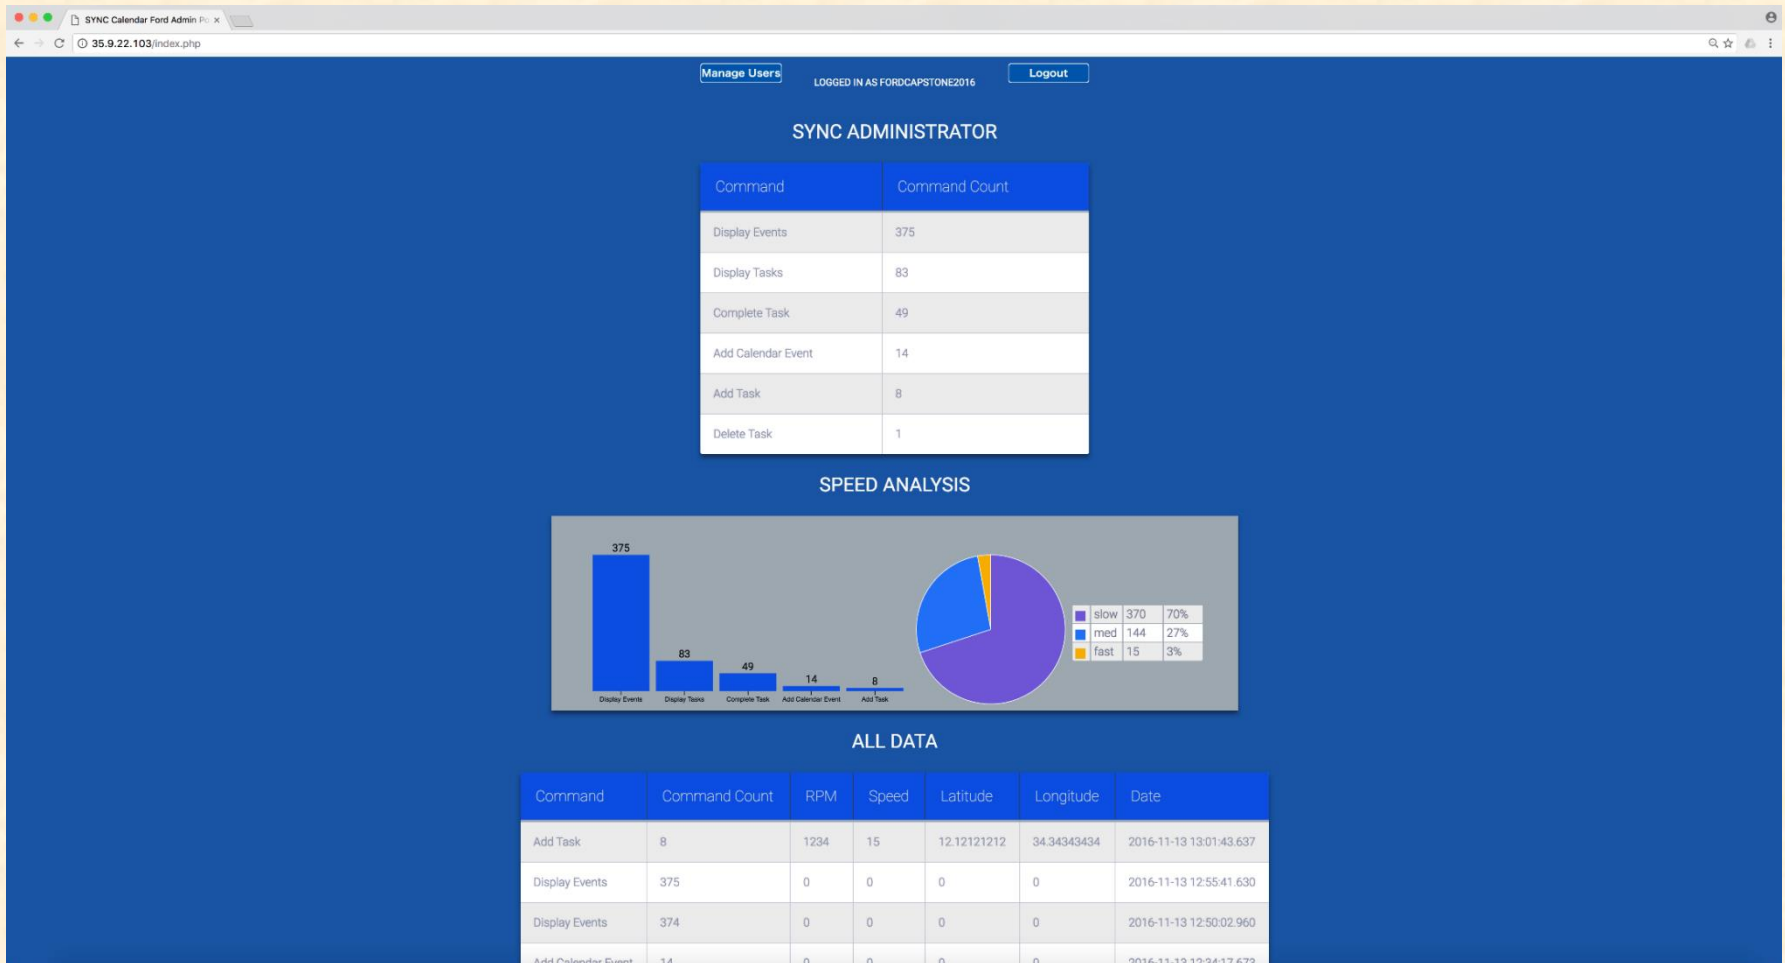

SYNC 3 – Pulled Events Page

Phone Screen

Administrative Portal

What's left to do?

- For iOS, work on cleaning up string parsing for display and speech.
- Clean up app icons and phone home screen.
- Pretty up the menus and add more choices and options for adding events/tasks.
- Add individual analytic pages for each command.
