The screenshot shows a web browser window with the address bar displaying '35.9.22.107/RatingSystem/productReviews.php'. The page content includes a title 'Auto Loan Reviews', a star rating of 4.4 (represented by five stars, with the last one being a half star), and a promotional message: 'If it's time for a new (or new-to-you) set of wheels, we'll help you get more car for your dollar. Our quick and easy preapproval process can get you into your new car in no time!'. Below this is a section titled 'Top Member reviews' containing two reviews. The first review is by Mark S. with a 5-star rating and text: 'Alex was very helpful, knowledgeable and professional. He was very patient explaining all of the details. Alex was very helpful guiding me until I made a decision. I will definitely recommend MSUFUCU to friends. It was a great experience that the excellent customer service made even better!'. It includes 'Yes' and 'No' buttons for helpfulness and a '34 Comments' link. The second review is by Elizabeth H. with a 5-star rating and text: 'I have had a great experience with MSUFUCU. The whole process was very fast and easy. I was able to complete the loan process quickly over the phone and online. I would definitely recommend MSUFUCU to a friend.' It also includes 'Yes' and 'No' buttons and a '34 Comments' link.

What's left to do?

- Aesthetics
- More uniformity between applications
- Functional & field testing with clients
- Fix small bugs & error checking
- Project video
