Spring 2022

*From Students...
...to Professionals*

Project Overview

- A review aggregator web app that connects parents, educators, and providers in a transparent catalog of pathway-specific learning opportunities for PreK – 12 students
- We're appending to the existing web app platform: implementing performance enhancements through a new serverless backend, skill trees and subject pages, a redesigned home page, and more.

System Architecture

Provider Page 1

The screenshot shows a web browser window displaying a provider profile on the Malleable Minds website. The browser's address bar shows the URL <https://malleableminds.com/provider/admin>. The website's header is purple and includes the Malleable Minds logo, a search bar, and a 'LOGIN' button. The profile itself features a circular profile picture with the letter 'A', the name 'Admin', and the location 'Frederick, Maryland'. Below this is an 'Information' section with 'Number of Programs: 4' and 'Provider since: 2021'. A 'Subjects' section contains four buttons: 'Science', 'Biology', 'Chemistry', and 'Physics'. The 'Programs Offered' section lists three programs, each with a small image, title, location, and star ratings for both parents and educators.

Program Title	Location	Parent Rating	Educator Rating
Conservation Science Intensive for Young Women	Stinson Beach, California, United States	★★★★★	★★★★★
After School Youth Arts Program	Washington, D.C., United States	★★★★★	★★★★★
Immersion into ASL	Anywhere, Anywhere, United States	★★★★★	★★★★★

Provider Page 2

The screenshot shows a web browser window displaying the provider page for 'Admin' in Frederick, Maryland. The page features a purple header with the 'Malleable Minds' logo and a search bar. Below the header, there is a profile section with a circular avatar containing the letter 'A', the name 'Admin', and the location 'Frederick, Maryland'. To the right of the profile is a purple button labeled 'ADD NEW PROGRAM'. Below the profile, there is an 'Information' section with the text 'Number of Programs: 4' and 'Provider since: 2021'. The 'Subjects' section includes four buttons: 'Science', 'Biology', 'Chemistry', and 'Physics'. The 'Programs Offered' section lists three programs, each with a thumbnail image, title, location, and ratings:

Program Title	Location	Parent Rating	Educator Rating
Conservation Science Intensive for Young Women	Stinson Beach, California, United States	*****	*****
After School Youth Arts Program	Washington, D.C., United States	*****	*****
Immersion into ASL	Anywhere, Anywhere, United States	*****	*****

What's left to do?

- Front-end
 - Create skill tree component page and add functionality
 - Create New Subject Pages
 - Create Admin Page
 - Redesign pages and add additional features
- Back-end
 - Convert remaining flask functions to AWS lambda
 - Implement necessary lambda functions for skill tree and subject pages from scratch
 - Deploy all AWS lambda functions remotely
