Project Overview

- Auto-Owners wants to track data about how recruiters at their company spend their time and resources
- Auto-Owners employee can enter reference data relating to recruitment
- Generates the required summaries of recruitment data that can be filtered
- Executive report of all available data can be generated for upper management

System Architecture

Data Entry Page

The screenshot displays the RecruitTrack application interface. At the top, the Auto-Owners Insurance logo is visible on the left, and a LOGOUT button is on the right. Below the logo, the RecruitTrack title is shown, along with navigation tabs for DATA ENTRY VIEW (selected) and SUMMARY VIEW. A secondary navigation bar includes Recruiter Log (selected), Funding, University Data, Hiring Data, and Contacts.

The main content area is divided into two sections:

- Recruiter Log:** A table with columns for Date, Start Time, End Time, Institution, and Event Name. The entry for 2022-03-26 at Bethel University is highlighted.
- Recruiter Log View:** A form for editing the selected entry, with fields for Date, Start Time, End Time, and Institution/Organization.

Buttons for ADD LOG ENTRY, EDIT ENTRY, and DELETE ENTRY are located at the bottom of the interface.

What's left to do?

- Stretch Goals
 - Improve calendar view for multiple events on one day
- Other Tasks
 - Regional totals in executive report, other readability improvements
 - Improve UI based on recruiter feedback
 - Finish login functionality on frontend
